

CAR TALK (SELL YOUR CAR IN A DAY)

Introduction:

Car talk is an application for selling and buying cars. It is a centralized way of selling and buying cars online without middle man's help. The app helps users to see cars nearby his area or choose area of interest.

Flow of application

1. Application starts by taking the location of the user; if location is on and current location is taken login page is opened. If location is not on app will ask user to enable location.
2. In the login page user can login or he can skip. Unless user is logged in they cannot buy or sell cars, they will be able to view sellers or buyers.

3. After they login, in the maps red dots will be showed, the red dots indicate nearby (depends on the location) sellers/buyers who are registered in the application.
4. When red dot is pressed, he will able to view images of the car.
5. Unless the user is registered to the application, user cannot view details of the application.

Flow of Project in terms of screen:

CAR TALK
SELL YOUR CAR IN A DAY

Create Account

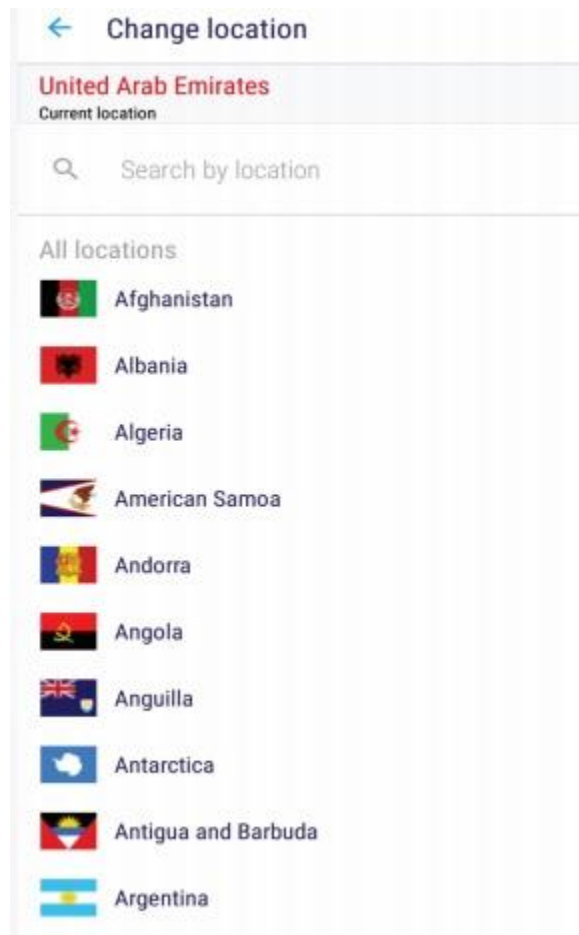

LOGIN | SKIP

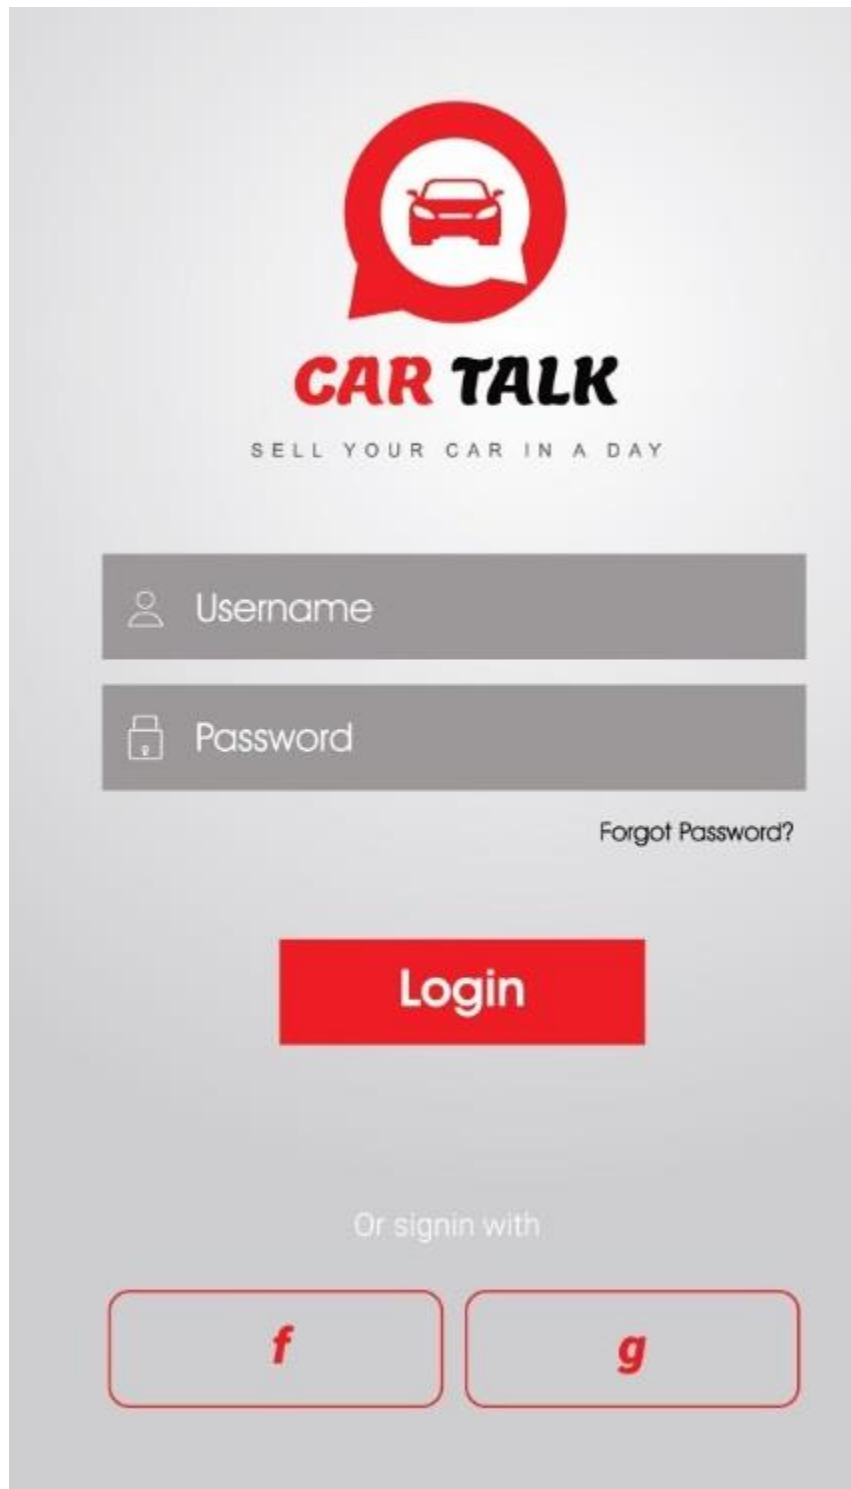

User can skip the login process and directly go to maps page.

Red dots are the sellers available in the current location of user

Can view other locations also

The image shows a login form for 'CAR TALK'. At the top is a logo consisting of a red speech bubble with a white car icon inside. Below the logo, the text 'CAR TALK' is displayed in a bold, sans-serif font, with 'CAR' in red and 'TALK' in black. Underneath this, the tagline 'SELL YOUR CAR IN A DAY' is written in a smaller, all-caps font. The form contains two input fields: the first is labeled 'Username' with a person icon, and the second is labeled 'Password' with a padlock icon. To the right of the password field is a link that says 'Forgot Password?'. Below these fields is a large red button with the word 'Login' in white. Further down, the text 'Or signin with' is centered. At the bottom are two buttons with red outlines and red letters: 'f' and 'g'.

Register to view car details

Modules:

1. Admin
2. Seller
